Willis' Second regiment company, which will depart at 7:30 a. m. over the Ohio River road on a special train for Camp Atkinson, near Charleston. The city gave the Immune company a good send-off, but the early hour of departure of the Second regiment company precludes any extensive demonstration this morning. However, friends and relatives of the boys will be on hand in force to extend the final parting. The last three recruits were examined late yesterday afternoon by Dr. R. M. FIRST TO PORTO RICO.

The First Regiment Boys Say the Island is Their Destination.

According to the dispatches from Washington, the First West Virginia regiment, now in camp at Camp Thomas, Chickamauga Park, Georgia, is to be part of the volunteer force to be dispatched to Santiago to aid in the investment and capture of that stronghold. Last evening the Intelligencer received a special dispatch from its correspondent at Camp Thomas, one of the officers of the regiment, as follows:

"We have orders to go to Porto Rico this week."

It is probable that the correspondent

is not correctly informed, but of course there is the possibility that the war department is really intending to send some of the volunteers to San Juan at the same time the reinforcements for Shafter are sent to Santiago. The West Virginia boys have expressed their desire to be sent to Porto Rico in preference to Cuba.

BELLING 'R DIDN'T DESERT.

A Rumor in Circulation Which the Intelligencer Disproves.

Yesterday and Sunday it was generally reported about the city that Private Henry W. Belling, of this city, had been shot while attempting to desert from Company M, of the First West Virginia Infantry, at Chickamauga. The young man's relatives, when interviewed at the family residence, South Market street, stated that they had heard the street rumor, but nothing more, and they didn't put much faith in the rumor.

The Intelligencer wired its correspondent at Camp Thomas, Chickamauga, concerning the report, and received in reply a message which said: "No truth in the report." It is probable that young Belling was made the target for some local joker, and since the Wheeling boys have gone to camp no less than three of them were said to have been shot while trying to desert. There was no truth in any of the reports.
